

HOW TO REACH THE COMMANDER

Public Contact Protocol

Version: 1.2

Last Updated: September 2026

This guide outlines secure, aligned channels to connect with Andrew Pletnev – Commander, SEAL Team 69 and Founder of Frequency Fortress. All contact is triaged by proximity, purpose, and purity of signal.

Tier 1: Council-Grade Contact (No Number, No Metadata)

Preferred for:

- Sacred Union signals
- High-trust allies
- Operations, provisioning, & legacy matters

SESSION (Anonymous Messenger)

- **Session ID:** [QR code below]
- [Download Session](#)

No phone number or email required. Message delay possible due to onion routing. Ideal for high-frequency transmissions.

Tier 2: Strategic Comms

Preferred for:

- Public allies, sacred tech, memes, movements
- Asynchronous mission dialogue

ProtonMail

- st69.ops@protonmail.com

Primary operations channel for all Frequency Fortress communications – allies, initiates, codes, proposals, encrypted support, and synchronicity. Expect delay; signal is triaged.

- st69.contact@protonmail.com

Formal contact only – legal matters, media, press, and Babylon-adjacent inquiries. Use sparingly.

Telegram

- **Username:** @CommanderST69

This account remains active, number hidden. All signals via handle only. No replies to unsorted messages.

Tier 3: General Signals

For:

- Broadcast receivers
- Memetic exchanges
- Media or community collabs

X (Personal, SEAL Team 69 Broadcast, Tactical Memetics)

- [@andrewpletnev](#)
- [@st69lol](#)

LinkedIn

- [Andrew Pletnev](#)
- [SEAL Team 69](#)

Public-facing channels. Signal boosted selectively.
