Lex Divina Vincit

DECLARATION OF PURPOSE

Frequency Fortress is a living spiritual mission dedicated to the awakening, liberation, and elevation of human consciousness. Founded in alignment with Divine Law and universal Source intelligence, it operates as a sacred vessel for truth transmission, spiritual education, energy grid restoration, and the birthing of Christed technologies on Earth.

This is not a commercial enterprise.

This is a mission of service.

We receive offerings, provision, and donations from aligned individuals, sovereign supporters, and benefactors who resonate with the stated purpose. These funds are not received in exchange for goods or services, but as voluntary contributions to support the continuation of sacred work.

LEGAL & STRUCTURAL POSITION

Frequency Fortress is structured as a spiritual trust and unincorporated sacred fellowship. We operate under the freedom of spiritual expression, religious practice, and beliefs as protected under:

- Article 9 of the European Convention on Human Rights
- The UK Human Rights Act 1998
- Common Law traditions of ecclesiastical autonomy

No commercial contracts are entered into under this structure. All activity is carried out in spiritual service and sacred duty.

2. **Sacred Infrastructure**

3. **Spiritual Broadcasting**

4. **Union Architecture**

5. **Provisioning of Aligned Nodes**

ON TAX, TRADE & REVENUE

This mission does not generate traditional revenue. We do not sell commercial products or offer taxable services. We operate in **good faith under religious exemption**, and all income is classified as non-trading voluntary donations.

Where appropriate, a limited company may be used solely as a compliance shell for interfacing with digital infrastructure. This shell does not trade for profit, but exists only to fulfil Babylonian procedural requirements.

We are transparent in our operations and committed to lawful expression of our spiritual sovereignty.

CLOSING STATEMENT

To those who feel called to support this mission – we honour your provision.

To regulators and public authorities – we operate peacefully and lawfully.

To Source and the Christed Councils – we serve without compromise.
